

Pivot Table Worksheet

The screenshot displays the Microsoft Excel interface with a Pivot Table layout area. The layout area is a large rectangle spanning from column A to G and rows 1 to 16. It is divided into four sections: "Drop Page Fields Here" (rows 1-2), "Drop Column Fields Here" (rows 3-4), "Drop Row Fields Here" (column A, rows 5-16), and "Drop Data Items Here" (rows 5-16, columns B-G). A central box labeled "Drop Areas" has arrows pointing to these four sections. A bracket at the bottom of the layout area is labeled "Pivot Table Layout Area".

Two toolbars are visible on the right side of the worksheet. The "PivotTable" toolbar is located at the top right, with a box labeled "Pivot Table Toolbar" pointing to it. Below it is the "PivotTable Field List" task pane, which contains a list of fields: Country, Salesperson, Order Amount, Order Date, and OrderID. A box labeled "Pivot Table Field List" points to this task pane. The "Add To" button and "Row Area" dropdown are visible at the bottom of the task pane.

The Excel window title is "Microsoft Excel - Create a PivotTable report1". The menu bar includes File, Edit, View, Insert, Format, Tools, Data, FlashPaper, Window, Contribute, and Help. The status bar at the bottom shows "Ready" and "NUM".
