

## Richard Makse

### *My Post-Grad Journey:*

After Fairfield, I continued my college summers job (bartender to the rich & famous in The Hamptons) until drafted in 12/69. Two years in Army as broadcast specialist (like "Good Morning, Vietnam") in Kansas and Korea. Got MA in Communication (in propaganda) from Fairfield in '75, worked for Long Island Rail Road until 1997 as PR person, chief bartender and operations planner. I have owned railroad infrastructure/schedule consulting firm since 1996 with US and worldwide clients.

### *What is your favorite Fairfield University memory?*

My extracurriculars: four years of "total theatre" with "Bob" Emerich at The Playhouse; four years doing nearly everything at WVOF and the nightly adventure in identifying food in the CC cafeteria.
