

Alumni Resources

As a Fairfield University graduate, you have access to a wealth of resources, including job boards, career advice, and most important, a network of over 40,000 Fairfield alumni.

Networking Events

Alumni Relations hosts regional chapter events and volunteer opportunities for alumni to network and get involved. Visit fairfield.edu/getinvolved for upcoming events.

Online Career Resources

Fairfield's Career Resources site includes links to Stags4Hire, our job and internship posting platform; Interview Stream, which allows users to practice interview skills; and links to job search engines. Visit fairfield.edu/onlinecareer to learn more.

Webinar Series

Fairfield alumni have access to webinars about job search and professional development. Visit fairfield.edu/careerwebinars for the schedule and to view archived webinars.

HIRE A STAG

HIRE A STAG

HIRE A STAG

Alumni and parents help launch Stags into successful careers by posting job and internship opportunities on Stags4Hire, attending Career Fairs, participating in our Job Shadow and Mock Interview programs, and much more!

Post a Job Opportunity or Internship on Stags4Hire

Stags4Hire is Fairfield University's primary job and internship posting resource. Fairfield undergraduate and graduate students, and alumni, have complete access to the site. Stags4Hire provides employers with 24/7 access to job posting and candidate applications. Employers also have the ability to schedule interviews on campus and utilize our on-campus interview facilities.

When you know that a Fairfield student is applying for an opportunity at your company, you can support them by being a resource and facilitating their application through the hiring process.

Participate in Our Alumni Job Shadow Program

Fairfield's Alumni Job Shadow program pairs students with alumni professionals across the Northeast and beyond for a full or half day of career exploration during winter break. Students have the chance to sharpen their career focus and network with Fairfield alumni.

Alumni and your organizations can connect with students and build awareness of your company and opportunities available in your field.

Represent Your Employer at Career Fairs

Career & Internship Fairs are popular among students and employers alike. They offer opportunities for students to meet with employers and employers connect with students and identify those who would be job and internship candidates.

Participate in Events on Campus

Fairfield hosts many opportunities for employers to connect with students on campus such as Info Sessions, Exploration Days, Mock Interview Days, and Résumé Reviews, etc. Contact Deirdre Bennett, Manager of Employer Development, to make arrangements at 203-254-4000 ext. 3201 or e-mail dbennett@fairfield.edu.

Schedule On-Campus Interviews

On-campus recruiting for seniors takes place September through April while on-campus recruiting for internships takes place throughout the year. Employers are encouraged to contact Sharon Walsh at 203-254-4000 ext. 2261 or e-mail swalsh@fairfield.edu to schedule.

Speak to an Organization on Campus

Student organizations are an excellent way to strengthen your brand on campus. Consider presenting to one of Fairfield's 90 student clubs and organizations about a current industry topic, career development, and other relevant issues. Contact Deirdre Bennett, Manager of Employer Development, at 203-254-4000 ext. 3201 or e-mail dbennett@fairfield.edu to schedule.
